Challenging Minds. Inspiring Action. Prepared for Tomorrow.

October 2018

Speech and Language Screening:

The Speech-Language Pathology Department of Waupun Area School District is offering speech and language screening that is open to ALL 3-year olds (Turned 3 by September 1st) and 4-year olds (including those that entered 4K this fall). If you have any concerns about your child's speech and/or language development, this is a great opportunity to have them screened!

The screenings will take place at **Meadow View Primary School**, located at 506 Beaver Dam St., Waupun, on **October 31st from 9 a.m. to 3 p.m.** If your child is in 4K, please coordinate with your child's 4K screening on the same day. If you have concerns regarding your child's speech and language development, and would like your child to receive this service, please contact Linda Meagher, District Secretary, at 920-324-9431 ext. 2117 or Megan Wienke at ext. 2100. You may e-mail Linda at lmeagher@waupun.k12.wi.us, or Megan at mwienke@waupun.k12.wi.us to schedule a screening by October 30th, 2018.

Speech and Language Pathologists work with children who demonstrate significant delays in the acquisition or production of normal speech and/or language skills relative to chronological age and mental or physical ability. From the preschool through secondary level, the speech and language pathologists address problems which include: language development, communication skills, stuttering and articulation. The information from the screening will be used to determine whether a child should be evaluated for a suspected disability.

If you need clarity on whether your child could benefit from this screening, please refer to the district speech and language development web page: <http://www.waupun.k12.wi.us/speech-language-development--2> which includes a web link to a speech articulation developmental chart at the bottom of the page.

If you have concerns about your child's ability to...

- Be understood by others
- Produce the p, b, m, n, h, w, k, g, d, t, f, y sounds
- Follow directions
- Speak in 4-6 word sentences
- Ask and answer simple questions,

then they may benefit from a speech and language screening.

Speech screenings will be scheduled as a brief 10-minute appointment. Please contact Linda Meagher to reserve your time. Drop-in appointments are also welcome, and will be conducted on a first come, first serve basis.

Questions can be directed to:
